

ACOUSTIC CHAMBERS

R.F.I. Industries manufactures a range of modular pre-fabricated acoustic chambers for many varied applications.

Performance

The acoustic performance of these modular chambers is as follows:-

OCTAVE BAND CENTRE FREQUENCY Hz	125	250	500	1k	2k	4k
NOISE REDUCTION dB	28	34	39	48	50	50

Higher performance chambers can be supplied to customer requirements.

The entire assembly is structurally sound, free standing and easily erected by inexperienced personnel.

Vibration isolation mounts can also be provided to minimise structural sound transmission.
